WebEOC Accounts

- No limit to the number of WebEOC accounts for a agency or Local government
- During an emergency, the local emergency manager will be busy. Therefore; it is important to consider other employees for training and access to WebEOC for the purpose of providing support to the EM and Local EOC.
- These individuals can be an administrative or from another office, (public works, education, law enforcement).
- The request assistance and local SITREP boards are data entry boards, which can be completed at the instruction of the local EM.

Information Sharing Tools - Mapper/VIPER

- Viewer Updates
- Mapper
 - GIS viewer integrated with WebEOC information
 - Live data
 - Weather (radar, Storm reports)
 - Traffic (511 Data)
